Your BeatKongs Launch Checklist

A practical final checklist to make sure your site is ready for real visitors. Follow the steps below and compare each screen with the current version of your BeatKongs producer dashboard.

Step-by-step instructions

1. Account and branding

Confirm your email is verified, your producer profile is complete, and your homepage clearly communicates your brand.

5. Domains and discoverability

Confirm your public domain, SSL, page titles, descriptions, and social-sharing information are correct.

> **Screenshot to add:** Domain & SSL and SEO settings

Screenshot to replace: Domain & SSL and SEO settings. Replace the image URL with your actual BeatKongs screenshot before publishing.

6. Final visitor test

Test desktop and mobile as a visitor. Keep notes of issues, fix them in the dashboard, and repeat the test before sharing the site.

> **Screenshot to add:** Desktop and mobile final QA views

Screenshot to replace: Desktop and mobile final QA views. Replace the image URL with your actual BeatKongs screenshot before publishing.

> **Important:** Keep the checklist available and repeat it after major theme, payment, or domain changes.

If something does not look right

Check that you are signed in to the correct producer account and that your plan includes the feature. Save any changes, refresh the relevant page, and compare it with the screenshots in this guide. If the problem continues, use the BeatKongs Help Center to submit a support ticket with the page name, the action you tried, the error message, and a screenshot. Never include passwords, API keys, or payment credentials.
