3. Consider your website needs

If you only need a beat storefront, prioritize beat limits, licensing, and payment support. If you need advanced marketing, review newsletter, feedback, blog, merch, and advanced statistics entitlements.

Important: Do not select a plan based only on the number of beats. Check the marketing and website features you need.

If something does not look right

Check that you are signed in to the correct producer account and that your plan includes the feature. Save any changes, refresh the relevant page, and compare it with the screenshots in this guide. If the problem continues, use the BeatKongs Help Center to submit a support ticket with the page name, the action you tried, the error message, and a screenshot. Never include passwords, API keys, or payment credentials.
