How to Track Beat Purchases

Overview

Beat Sales records purchase snapshots including beat, license, customer, order number, price and purchase date.

Where to start

Dashboard area: Music → Beat Sales

1. Open Music → Beat Sales in the correct producer workspace.
2. Beat Sales records purchase snapshots including beat, license, customer, order number, price and purchase date.
3. Check the resulting record or storefront behavior before making changes for real customers.

Publication review required: Check current control labels, feature availability and the complete workflow against the live BeatKongs dashboard before publishing.
