How to View Your Customers

Overview

Open Customers to review customer records if the Customers feature is enabled for the producer plan.

Where to start

Dashboard area: Commerce → Customers

1. Open Commerce → Customers in the correct producer workspace.
2. Open Customers to review customer records if the Customers feature is enabled for the producer plan.
3. Check the resulting record or storefront behavior before making changes for real customers.

Publication review required: Check current control labels, feature availability and the complete workflow against the live BeatKongs dashboard before publishing.

Need help?

Use Report Issues in the producer dashboard to contact BeatKongs Support. Include the relevant page, order number where applicable, and steps to reproduce the issue.
