How to Edit or Disable Discounts

Overview

Find the existing discount in Commerce → Discounts and review the available edit or disable controls. Test how the change affects checkout.

Where to start

Dashboard area: Commerce → Discounts

1. Open Commerce → Discounts in the correct producer workspace.
2. Find the existing discount in Commerce → Discounts and review the available edit or disable controls. Test how the change affects checkout.
3. Check the resulting record or storefront behavior before making changes for real customers.

Publication review required: Check current control labels, feature availability and the complete workflow against the live BeatKongs dashboard before publishing.
