How to Manage Unwanted or Inappropriate Feedback

What to know

Producer-facing moderation of Reviews and Questions belongs in Feedback.

Steps

1. Open the relevant Feedback section.
2. Inspect available moderation, visibility, or deletion controls.
3. Preserve necessary records and report abuse that cannot be managed from the dashboard.

Review note: This article is based on BeatKongs product decisions and known dashboard sections. Confirm exact labels and feature availability in the current interface before publishing.

Need help?

If the described option is missing, record the affected page, your workspace, and the expected behavior. Use the Report Issues option in your producer dashboard to contact BeatKongs Support.
