How to Configure Shipping and Tax Settings

What to know

Shipping & Tax appears under Settings. Merch fulfillment rules and Printful integration should not be assumed complete.

Steps

1. Open Settings → Shipping & Tax.
2. Inspect the current fields and supported shipping or tax settings.
3. Test an applicable checkout and consult a qualified tax professional for jurisdiction-specific tax obligations.

Review note: This article is based on BeatKongs product decisions and known dashboard sections. Confirm exact labels and feature availability in the current interface before publishing.

Need help?

If the described option is missing, record the affected page, your workspace, and the expected behavior. Use the Report Issues option in your producer dashboard to contact BeatKongs Support.
