How to Share Your Referral Link

What to know

- The referral program is based on SaaSykit referrals. The intended qualifying event is the referred producer’s first successful BeatKongs subscription payment, not a beat or merchandise purchase. The reward has not been finalized.

Step-by-step

1. Review the referral area of your account if it is available.
2. Use the referral link shown for your account rather than inventing or manually constructing a link.
3. Check the program terms and qualifying subscription-payment event before expecting a reward.

Before you finish

Check the result in the current producer dashboard and, where relevant, on the published website. Save the affected page URL and screenshots if you need support.

Feature status to verify: Referral reward amount and final availability are not confirmed.

Publication review: Confirm the exact labels and current feature behavior against the live BeatKongs build before making this article public.
