How to Browse Available Themes

This guide explains how to Browse Available Themes using the BeatKongs producer dashboard.

Where to go

Website → Themes

Steps and key details

1. Open Themes in the producer dashboard.
2. Review the available designs and choose one appropriate for your branding and music catalog.
3. Use the preview before applying a theme; do not assume preview changes your live site.

Before you finish

Save your changes where applicable, then check the result on your live website or in the relevant dashboard list. If a control differs from this guide, use the current dashboard label and report the
