How to Select a Website Theme

This guide explains how to Select a Website Theme using the BeatKongs producer dashboard.

Where to go

Website → Themes

Steps and key details

1. Review your current live website before making changes.
2. Choose a theme from the Themes page and follow its available apply/select action.
3. Open Edit Website to customize the selected design, then inspect the live storefront.

Before you finish

Save your changes where applicable, then check the result on your live website or in the relevant dashboard list. If a control differs from this guide, use the current dashboard label and report the mismatch to BeatKongs Support.

Review note: Some screens may change during platform development. Verify the current controls
