How to Customize Your Active Theme

This guide explains how to Customize Your Active Theme using the BeatKongs producer dashboard.

Where to go

Website → Edit Website

Steps and key details

1. Open Kong Builder using Edit Website.
2. Select the text, images, sections, and other elements you need to update.
3. Save your changes, preview desktop and mobile layouts, and verify the live page.

Before you finish

Save your changes where applicable, then check the result on your live website or in the relevant dashboard list. If a control differs from this guide, use the current dashboard label and report the mismatch to BeatKongs Support.
