Understanding the Manage Beats Page

This guide explains understanding the Manage Beats Page using the BeatKongs producer dashboard.

Where to go

Music → Manage Beats

Steps and key details

1. Use the filters for title, status, beat type, genre, mood, BPM, tags, enabled licenses, exclusive sold, and created date.
2. The table shows cover, title, status, beat type, genre, BPM, mood, tags, enabled licenses, exclusive sold, and created/updated dates.

Before you finish

Save your changes where applicable, then check the result on your live website or in the relevant dashboard list. If a control differs from this guide, use the current dashboard label and report the
