How to Upload Audio and Delivery Files

This guide explains how to Upload Audio and Delivery Files using the BeatKongs producer dashboard.

Where to go

Music → Add Beat → Media / Licenses

Steps and key details

1. Upload the beat audio using the Media controls.
2. For each enabled license, assign the correct delivery file in the Licenses tab.
3. Check the delivered file before making a paid beat available to customers.

Before you finish

Save your changes where applicable, then check the result on your live website or in the relevant dashboard list. If a control differs from this guide, use the current dashboard label and report the mismatch to BeatKongs Support.
