How to Set BPM, Genre and Mood

This guide explains how to Set BPM, Genre and Mood using the BeatKongs producer dashboard.

Where to go

Music → Add Beat → Details

Steps and key details

1. Enter the beat BPM and select the appropriate genre and mood.
2. If a desired genre or mood is missing, use Music → Beat Genres or Beat Moods to manage available options.
3. Save and test the related storefront filters.

Before you finish

Save your changes where applicable, then check the result on your live website or in the relevant dashboard list. If a control differs from this guide, use the current dashboard label and report the
