How to Add Tags to Your Beats

This guide explains how to Add Tags to Your Beats using the BeatKongs producer dashboard.

Where to go

Music → Add Beat → Details

Steps and key details

1. Select relevant descriptive tags for the beat.
2. Manage the available tag names under Music → Beat Tags when necessary.
3. Save and use Manage Beats filters to confirm the assignment.

Before you finish

Save your changes where applicable, then check the result on your live website or in the relevant dashboard list. If a control differs from this guide, use the current dashboard label and report the mismatch to BeatKongs Support.

Review note: Some screens may change during platform development. Verify the current controls
