Understanding Beat Upload Limits

This guide explains understanding Beat Upload Limits using the BeatKongs producer dashboard.

Where to go

Music → Manage Beats

Steps and key details

1. Your subscription plan sets a maximum saved-beat count; a plan value of 0 means unlimited.
2. Incomplete drafts do not count until saved.
3. Deleting a saved beat frees a slot; downgrading below your existing count blocks new uploads rather than deleting existing beats.

Before you finish

Save your changes where applicable, then check the result on your live website or in the relevant dashboard list. If a control differs from this guide, use the current dashboard label and report the
