### Understanding the Music Dashboard

This guide explains understanding the Music Dashboard using the BeatKongs producer dashboard.

# Where to go

**Music**

# Steps and key details

1. Music includes Manage Beats, Add Beat, Licensing Contracts, Beat Sales, Beat Stats, Beat Genres, Beat Tags and Beat Moods.
2. Use Manage Beats for catalog changes and Beat Sales for completed transactions and contract/download records.

# Before you finish

Save your changes where applicable, then check the result on your live website or in the relevant dashboard list. If a control differs from this guide, use the current dashboard label and report the
