How to Reset Contracts to Default

This guide explains how to Reset Contracts to Default using the BeatKongs producer dashboard.

Where to go

Music → Licensing Contracts

Steps and key details

1. Open the producer contract template you want to restore.
2. Use Reset to Default where offered and review the resulting template.
3. Do not reset a customized agreement without retaining a copy of the previous wording.

Before you finish

Save your changes where applicable, then check the result on your live website or in the relevant dashboard list. If a control differs from this guide, use the current dashboard label and report the mismatch to BeatKongs Support.
