How to Track Favorites and Beat Sales

This guide explains how to Track Favorites and Beat Sales using the BeatKongs producer dashboard.

Where to go

Music → Beat Stats

Steps and key details

1. Open Beat Stats and review Favorites and Beat Sales metrics.
2. Compare a selected time range with another period when available.
3. Use Beat Sales for individual transaction and contract records.

Before you finish

Save your changes where applicable, then check the result on your live website or in the relevant dashboard list. If a control differs from this guide, use the current dashboard label and report the mismatch to BeatKongs Support.
