How to Filter Beat Statistics by Date

This guide explains how to Filter Beat Statistics by Date using the BeatKongs producer dashboard.

Where to go

Music → Beat Stats

Steps and key details

1. Open the date-range filter.
2. Select the period you want to analyze.
3. Review updated totals and Top Beats results; advanced views depend on plan entitlements.

Before you finish

Save your changes where applicable, then check the result on your live website or in the relevant dashboard list. If a control differs from this guide, use the current dashboard label and report the mismatch to BeatKongs Support.
